

A Partnership of Promise: Students, Home, and School

Getting Started with Achieve3000's HOME EDITION

Achieve3000 is committed to partnering with parents/guardians and educators to improve reading comprehension, fluency, vocabulary, and writing for *all* students. KidBiz3000 and TeenBiz3000 deliver content and fun activities that are customized to your child's individual learning needs. Achieve3000's Home Edition helps you stay closely involved with your child's progress and reinforces literacy skills at home.

How does Achieve3000's Home Edition work?

The Home Edition provides caregivers with:

- * Your own KidBiz/TeenBiz login so you can review and monitor the work your child is doing in class.
- * Daily Conversation Guides with targeted questions to help spark at-home discussion about real-world topics covered in the article.
- * Reporting tools that give you a real-time view of your child's usage and performance on KidBiz/TeenBiz.

Research shows that parents' participation in school-related activities promotes children's higher academic achievement.

"The evidence is consistent, positive, and convincing: families have a major influence on their children's achievement in school and through life."

-From *A New Wave of Evidence* by the Southwest Educational Development Laboratory, 2002

Everyday Tips To Encourage Literacy Skills

1. *Use Achieve3000's Home Edition.*
Each Friday, use the Conversation Guide to choose articles that you and your child will read in the coming week. Designate an evening to discuss the articles.
2. *Lead by example.*
Read a book, magazine, or newspaper article in front of your child for enjoyment every day.
3. *Build vocabulary with a weekly "Word Work Out."*
Select a new word for your family to learn. Use it in conversations or games.
4. *Build vocabulary with a weekly "Word Challenge."*
Have your child find new words and "challenge" you to see if YOU know the meaning of the words.
5. *Connect reading to real life.*
Help your child make connections between his/her personal life and the stories, TV shows, and movies that he/she reads or watches. Ask questions and make comparisons.
6. *Encourage your child to share his/her opinions about what he/she reads and hears.*
Discussions are critical to building comprehension. Encourage your child to share his/her thoughts and how he/she drew those conclusions.
